“BIBLE TO YOU” BY MAIL GUIDELINES

1. Pray and seek for those you can write to. Consider military personnel. Write to family and friends or take lessons to co-workers or shut-ins. Search State Department of Corrections, jails or federal prisons for inmates being sure to obtain their prisoner number. Jails do not usually require a number. The location address can also be found in the facility search sight. Send them lesson one with a welcome letter and a gospel tract.
 2. Be consistent. Work each week and get lessons in the mail at the same time each week.
 3. Set up a small file with several copies of each lesson. Start with the first set and a welcome letter. You can add more lessons as you need them.
 4. Use # 10 business envelopes. One standard first class stamp will mail 4 sheets of paper, 2 gospel tracts and one memory verse slip. This can be varied to put in devotional pages.
- After a student completes the first set of lessons he should be sent a certificate of completion along with lesson one of the next series.

We send the four series as follows:

1. Finding Direction in God's Word
2. Bible Basics
3. New Life Series
4. God's Word Preserved
5. Decisions, Abortion

Notice: Use hand sanitizer after working with prison contacts as hygiene in prisons is poor.
